

VILLAGE OF MCCONNELSVILLE

ABANDONMENT OF TAP

I, \_\_\_\_\_, am an owner of a parcel of real estate located in the Village of McConnelsville that receives water and/or sewer from the Village of McConnelsville. The property is located at \_\_\_\_\_, McConnelsville, Ohio 43756.

This property has been vacant in excess of twelve months and it is my desire to no longer receive water or sewer services from the Village of McConnelsville. I, therefore, request that the Village of McConnelsville discontinue water and sewer service to my property. By abandoning my water and sewer service I am being released of the obligation to pay monthly fees for water and sewer service. I acknowledge that by discontinuing water and/or sewer service that I or any of my successors in interest will be required to pay a tap fee and any other expenses associated with new water/sewer service to the Village of McConnelsville at the time that water and/or sewer service is recommenced. At present, the cost of a new tap would be in excess of \$800.00.
