Dear Government Official:

The Community Action Program Corporation of Washington-Morgan Counties, Ohio is preparing a grant pre-application to the USDA Rural Development Service for housing preservation funds. The agency is requesting \$54,000. These funds will be used in Washington and Morgan counties.

The purpose of this grant is to provide funds to rehabilitate or preserve housing occupied by very low and low income homeowners. The program will provide deferred loans for extensive housing rehabilitation.

Applicants are required to notify local governments to determine that the project is beneficial to the community and does not duplicate current housing activities.

If we are successful, we would ask your help in promoting the availability of the program.

If you require additional information or want to comment about the project during this 15 day comment period, please contact me at 740-373-3745 before July 10, 2017.

Sincerely,

David Brightbill  
Executive Director
